

SOHO DRESSING CLINIC

For Post Operative and Injury Wound Care

Soho Dressing Clinic has been set up to ensure patients receive hands on specialist clinical care, expert advice and education to support with Acute wound management and treatment.

This service is expected to help alleviate pressures on same-day emergency care providers such as Accident and Emergency Department, Urgent Treatment Centres and Walk in Centres, which have been seeing an increase in demand for wound care management.

We see:

- ▶ Patients over 12 years old
- ▶ Non specialist operative wounds (no vacuum pumps or drains)
- ▶ Removal of sutures/clips
- ▶ Minor burns post initial burn management and review
- ▶ Post operative incision and drainage wounds
- ▶ Follow up wound care for soft tissue injuries such as abrasions, lacerations, and flap wounds.

Monday to Friday 8am—6pm

**Saturday, Sunday and Bank holidays
10am –6pm**

Booked appointments only
